[News Article: Scope of GDPR fines to be limited under new EU ruling](#)

GDPR fines can only be imposed if infringement was intentional or negligent, according to the Court of Justice of the European Union.

[ICO News: UK Information Commissioner warns against 2024 becoming the year people lose trust in AI](#)

UK Information Commissioner, John Edwards, has warned that 2024 could be the year people lose trust in AI, and has called on tech developers to embed privacy into their products from the very start.

[News Article: 23andMe Profiles of 6.9 million people hacked](#)

Hackers have been able to gain access to personal information from about 6.9 million users of genetic testing company 23andMe, using customers' old passwords.

[News Article: Spanish media's \\$600M suit against Meta is based on GDPR noncompliance](#)

A claim by an association representing 83 Spanish media outlets against Meta could set a new legal precedent — it accuses the company of an unfair advantage in terms of advertising on the basis of the GDPR

This eAlert is intended for staff, both within Digital Health and Care Wales and other NHS organisations, who may have an interest in Information Governance issues that affect the NHS in Wales. If you have any articles which you feel would also be useful to colleagues, please feel free to forward them for inclusion in our next edition.
