[News Article: GDPR surgery - prevention is better than cure](#)

How can you be sure that your data is in the best possible health in order to help you deliver on your GDPR policy?

[News Article: A third of businesses don't think they comply with GDPR](#)

A report has revealed that companies understand their responsibilities but don't have the budget to fix it.

[News Article: Data, Transparency and Trust: How information rights can promote a culture of accountability](#)

The Information Commissioner has given a speech at a Parliamentary Internet, Communication and Technology Forum event held in partnership with the ICO and the APPG for Data Analytics.

[News Article: GDPR makes it easier to get your data, but that doesn't mean you'll understand it](#)

An exercise to explore the "Right of Access" offered by four of the biggest tech companies operating in the EU has found that, while an individual can easily download the raw data from their websites, understanding it is another matter, which makes it harder for them to make informed decisions about your data.

[News Article: Thousands tell HMRC to delete voice data](#)

More than 160,000 people have told HM Revenue and Customs to delete biometric data it gathered during phone calls.

[News Article: Global ransomware could cost almost \\$200bn](#)

A report has suggested that a worldwide ransomware attack could hit more than 600,000 businesses.

[First Tier Tribunal: Goldthorpe v Information Commissioner \[EA/2018/0113\]](#)

At an appeal against a £150,000 penalty issued by the Information Commissioner for breaches of the Privacy and Electronic Communications Regulations, the First Tier Tribunal has ruled that the penalty be increased to £200,000 as the Appellant continued to make unsolicited marketing calls and demonstrated a blatant disregard and abuse of the appeal process.
