[News Article: NHS pagers expose medical data](#)

An amateur radio rig intercepted real-time medical data broadcasts by pagers and ambulances in North London, and leaked the information to the internet.

[News Article: Secret medical recordings 'reprehensible' but allowed as evidence](#)

A High Court master has urged claimant and defendant lawyers to find common ground on the issue of recordings of medical examinations. Evidence was admitted despite the experts not knowing their sessions were being recorded.

[News Article: Data leak exposes more than 200K job seeker CVs](#)

Two recruitment firms, UK-based Sonic Jobs and US-based Authentic Jobs, exposed more than 200K job seekers' CVs.

[News Article: Home Group data breach affected 4,000 customers all over England](#)

Home Group, one of the biggest housing associations in the UK, recently suffered a data breach that may have compromised personal information such as names, home addresses, and contact details of about 4,000 customers.

[ICO Blog: Embedding accountability – we want to hear from you](#)

The principle of accountability is really about putting data protection at the heart of all personal data processing. The Information Commissioner's Officer (ICO) have announced they are developing an accountability toolkit which they are consulting on ahead of a 2020 launch.

[ICO Blog: A call for participation: Building the ICO's auditing framework for Artificial Intelligence](#)

As the ICO's initial call for input into the development of the ICO AI Auditing Framework comes to an end, they reflect on some of the overarching themes in advance of their formal consultation paper to be published in January 2020.
