[News Article: Trolls exploit Zoom privacy settings as app gains popularity](#)

Uninvited guests have been abusing Zooms default privacy settings with privacy invasions, phishing attacks and “zoombombing”, including broadcasting explicit imagery on the video app service.

[News Article: Coronavirus - Privacy in a pandemic](#)

How are individuals privacy being maintained during a pandemic, particularly where countries are tracking citizens, leading some to question "Can we really build proximity-tracing while preserving privacy completely?"

[News Article: Houseparty offers \\$1m reward for proof of sabotage](#)

Video chat and game app Houseparty is offering a \$1m (£810,750) reward for evidence that the company was the victim of a commercial smear campaign after online rumours alleged that downloading the app leads to other services such as Netflix and Spotify being hacked.
