Gwasanaeth Gwybodeg Information Governance Informatics Weekly eAlert

20^{fed} O Fedi / 20th September 2019

News Article: Period tracking apps caught sharing medical data with Facebook An investigation has found that period tracking apps are sharing sensitive medical data with Facebook. News Article: Alarming statistics show human error remains primary cause of personal data breaches Figures obtained via a Freedom of Information request highlight that human error remains the main cause of personal data breaches. News Article: Social media doesn't need new regulations to make the internet safer - GDPR can do the job The General Data Protection Regulation (GDPR) came into force last year but what can existing data protection legislation do to make the internet 'safer'? News Article: Are celebrity private lives no longer fair game? The Human Rights Act 1998 allows everyone to have a right to respect for private and family life but how does this affect the private lives of celebrities? Recent examples of celebrities privacy being challenged include former rugby player Gareth Thomas and cricketer Ben Stokes. ICO News: Superior Style Home Improvements fined and issued with enforcement notice The Information Commissioner's Office (ICO) has fined a Swansea double-glazing company £150,000 for making calls to numbers registered with the Telephone Preference Service. News Article: Live facial recognition surveillance 'must stop' Politicians and campaigners have said that UK police and companies must stop using live facial recognition for public surveillance.
