European Data Protection Supervisor: Annual Report 2018
The European Data Protection Supervisor has published his first annual report since the General Data Protection Regulation (GDPR) came into force last May.

News Article: GPs call for action over 'excessive' workload linked to GDPR
LMCs have called for a clear set of guidelines about what could be classed as an 'excessive' amount of work when responding to subject access requests, which would then enable them to charge for the work involved.

News Article: GDPR: 'e-Privacy' breaches can be factored into fines
Businesses face higher fines if their processing of personal data is found to breach both the GDPR and EU 'e-Privacy' rules, according to a new opinion issued by the European Data Protection Board.

ICO News: Two Birmingham workers fined for data protection breaches
Employees could face a criminal prosecution if they access or share personal data without a valid reason, the Information Commissioner's Office (ICO) has warned, as two workers in two separate cases were fined for breaching data protection laws.

News Article: Europe falling behind in data-privacy compliance
European firms are lagging behind their Asian and US peers in the race to comply with data-privacy regulation, according to a new report.

ICO News: ICO fines Vote Leave £40,000 for sending unlawful text messages
The ICO has fined Vote Leave Limited £40,000 for sending out thousands of unsolicited text messages in the run up to the 2016 EU referendum.

ICO Consultation: call for participation - Building the ICO's auditing framework for Artificial Intelligence
The Executive Director for Technology Policy and Innovation at the ICO, invites comment from organisations on the development of an auditing framework for AI.
