News Article: EasyJet admits data of nine million hacked
EasyJet has admitted that a "highly sophisticated cyber-attack" has affected approximately nine million customers.

News Article: One in ten home-working Brits not GDPR compliant
A recent survey of 2,000 home working Brits indicated that one in ten believed that their expected working practices are not GDPR compliant.

News Article: GDPR: After two years of progress, now is not the time to stop
Two years ago, establishing more stringent, comprehensive, and consistent rules for safeguarding data was exactly what GDPR was set up to achieve. Fast forward to 2020, and the regulation has become a byword for robust data protection.

News Article: Grandmother ordered to delete Facebook photos under GDPR
A woman must delete photographs of her grandchildren that she posted on social media without their parents' permission. The ruling in the Netherlands stated that the photographs posted online were covered by GDPR since "it cannot be ruled out that placed photos may be distributed and may end up in the hands of third parties".
[Relates to the Netherlands]
