[ICO Blog: GDPR - one year on](#)

The Information Commissioner, Elizabeth Denham has published an update to share the ICO's reflections and learnings from the past twelve months.

[News Article: Would you recognise yourself from your data?](#)

Our personal data is collected and forms products and services that we are at the heart of, but often we know very little about.

[Report: Third of people in Wales use digital technology to self-diagnose](#)

A new report has revealed that more than a third of people in Wales (34 per cent) use digital technology to self-diagnose health conditions, whilst only 14 per cent make a healthcare appointment online.

[News Article: GDPR one-year anniversary notifications soar, while enforcement lags](#)

The introduction of the General Data Protection Regulation (GDPR) in May 2018 was a pivotal moment in data privacy. In theory, the GDPR has become a business-as-usual compliance risk, but misconceptions, misunderstandings and legal grey areas remain.

[News Article: Businesses warned of soaring cost of employee subject access requests](#)

A new report shows a quarter of subject access requests involve workers trying to find out what information their company holds on them.

[News Article: Most of the UK's top websites fail GDPR](#)

Research into the top 100 most visited websites in each of the 28 European member states has found that the majority were using non-compliant processes or insecure systems to host and manage user data.
